

turbo FACTS:

DID YOU KNOW?

- That in many countries a night in the hospital can cost upwards of \$3000?
- That something as simple as a broken arm can cost as much as \$2,000 to put in a cast?
- If you need surgery it can easily cost \$10,000 or more?

Why let something like unexpected medical expenses ruin your adventure? If you suffer a sickness or injury, the most important thing is to get the medical attention you need. Without health insurance, the high cost of medical services outside your home country could limit your access to the care you need, or leave you with a large debt to pay.

As you travel and discover other countries, it is important to be protected by a comprehensive insurance policy that offers global support and assistance. Insurance needs to be an important part of your journey. Let **guard.me** insure your health and well-being while you focus on your trip. You can rely on our experts 24 hours a day, 7 days a week for friendly, award-winning help, advice and support.
